To Whom It May Concern:

PROTECTED HANIDCAPPED STUDENT SERVICES

In compliance with state and federal law, the Perseus House Charter School of Excellence School District will provide to each protected handicapped student without discrimination or cost to the student or family, those related aids, services, or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities. Examples of related services include psychological counseling, speech, occupational therapy, and physical therapy. In order to qualify as a protected handicapped student, the child must be of school age, with a physical or mental disability which substantially limits or prohibits participating in, or access to, any aspect of the school program.

These services and protections for "protection handicapped students" are distinct from those applicable to all eligible or exceptional student enrolled (or seeking enrollment) in special education programs.
